Note

The presentation of riders is Saturday at 19.30 o'clock in the square at Recoaro Terme. There will be lots of people because there is a traditional party of the community that hosts us. The track is 10 minutes away and we have planned to transport the riders from the track to the square from 18.00. For all the riders, a mechanic and the team leader the organizers offers a first dish of "gnocchi con fioretta" and a drink. From 20.30 onwards the shuttle bus will begin to bring the riders back to the track. It is very important that all pilots are present at 19.30 in the square! The retarders can stop before for the presentation and then go on track with their van.

On Sunday, before starting of 1st heat, the riders will make the round of reconnaissance in nation/number order, will be nominated while playing their national anthem and will then go to the starting gate.
